

### About the Project

The Energy Efficiency Plan for the City of Covina is part of a unified regional framework for meeting long-term energy efficiency goals. This framework will allow the Energy Efficiency Plan developed for each city to function as a stand-alone document tailored to individual communities. The City and the San Gabriel Council of Governments (SGVCOG) will be hosting a number of workshops and meetings to gather community input, which will guide the development of the Energy Efficiency Plan.

The Energy Efficiency Plan will:

- Summarize the City's existing and future energy use
- Project the City's existing future energy use (through 2020)
- Identify energy efficiency goals and targets
- Create an energy efficiency strategy to meet the City's energy reduction goals
- Assist in meeting State and regional goals of greenhouse gas (GHG) reduction and long-term energy efficiency

Twenty-seven of the thirty-one SGVCOG member agencies are currently participating in the Energy Efficiency Plan project, which is funded by California utility ratepayers and administered by Southern California Edison (SCE) . The funding was awarded to the SVGCOG to implement activities to achieve statewide energy efficiency goals.

### Project Timeline

The project kicked off in July 2011 and will take place over the next 15 months. The anticipated completion of the project is October 2012.

### How to Get Involved

There will be a number of opportunities for you to get involved. Sign up on our website to receive project notices, meeting announcements and updates. Tell us what you think by completing an online survey

- English: [http://www.surveymonkey.com/s/SGVCOG\\_EnergySurvey\\_1](http://www.surveymonkey.com/s/SGVCOG_EnergySurvey_1)
- Spanish: <http://www.surveymonkey.com/s/Spa-Ext>

or by attending a community workshop or event highlighting the project.

### Meetings and Workshops

We want to hear from you! The City, along with the SGVCOG will host meetings and workshops throughout the project. Attend our next meeting and share your thoughts on how to create a more energy efficient future.

Covina Energy Efficiency Plan booth at the **Covina Green Fair, May 12, 2012 10 am - 2 pm**, Heritage Park 444 N Citrus Avenue.

Covina Energy Efficiency Plan booth at the **Covina Public Works Open House, May 19, 2012 10 am - 2 pm**, 534 N Barranca Avenue.

There are currently twenty-seven of the thirty-one SGVCOG member agencies participating in the EECAP project. Participating cities include:

- Alhambra
- Duarte
- Monrovia
- San Marino
- Arcadia
- El Monte
- Montebello
- Sierra Madre
- Baldwin Park
- Glendora
- Monterey Park
- South El Monte
- Bradbury
- Irwindale

- Pomona
- South Pasadena
- Claremont
- La Canada-Flintridge
- Rosemead
- Temple City
- Covina
- La Puente
- San Dimas
- West Covina
- Diamond Bar
- La Verne
- San Gabriel
